RABI CROP SEMINAR 2025

Advancing Agricultural
Excellence in Cholistan

EVENT DETAILS

29 Oct 2025

SCHEDULE & VENUE

10:00–15:30

at
ARFC Chapu, Bahawalpur

SEMINAR OBJECTIVES

This seminar aims to achieve four key goals for agricultural advancement in the Cholistan region:

Review & Learn

Analyse Kharif crop performance, particularly cotton challenges, to extract valuable lessons for future seasons.

Optimise Yields

Explore innovative strategies and techniques to significantly increase per-acre productivity of Rabi crops.

Implement Best Practices

Apply updated guidelines and proven methods for successful Rabi cultivation, ensuring optimal growth and harvest.

Build Resilience

Learn to manage crops effectively under challenging conditions such as heat stress and soil salinity.

SCOPE OF SEMINAR

- Kharif Crop Review – Challenges & Opportunities
- Yield Enhancement strategies
- High-Performing Crop Varieties for Cholistan conditions
- Heat Stress Management techniques
- Soil & Water Management
- Facilitation programs by Sona Centres & Agri Mall
- Contemporary agri practices & its Eco Viability
